

Why Tyquin Group Reading Clinic is different

Background information about Tyquin Group Speech Pathology and Reading

Clinic: Tyquin group was established in 1996 and is recognized throughout Queensland as a leader in the provision of services. Tyquin group reading clinic is dedicated to the rapid and successful teaching of reading and spelling. Our results are impressive and are available for public scrutiny on our website at www.tyquin.com.au or <http://www.tyquin.com.au/Evidence/Results%20and%20Data.htm>

The methods employed that achieve these high outcomes are somewhat eclectic and utilize “best practice” methods used throughout regular education, special education and speech pathology. Tyquin group also employs other innovative methods that have been sourced or developed in-house. For further information see:

www.tyquin.com.au

www.behaviouralreading.com

www.cellfield.com

Points of difference between Tyquin, other reading clinics and the Education system are:

Tyquin group provides:

- a) Comprehensive pre assessment which includes evaluation of the foundational neurological processing skills of visual processing and phonological awareness and higher order reading and spelling abilities.

A variety of subtests are used from within

- a. Dyslexia Screening Test
- b. Test of Visual Processing
- c. Lindamood Auditory Conceptualization test
- d. Queensland Inventory of Literacy
- e. Woodcock Reading Mastery Test
- f. Neale Analysis of Reading Ability -3
- g. Gray Oral Reading Tests - 4

- b) In depth post assessment to measure the results of treatment used

- c) Comprehensive written reports

- d) Use of industry standard (Psychology and Speech Pathology) norms-based assessment instruments

- d) Use of Speech Pathology, education techniques, Cellfield, Behavioural Reading and Sound Training Activities for Reading and Spelling (STARS) programs as needed

These methods are unique to Tyquin Group and are not available in any other clinic.

Costs:

Though we will always offer our “best practice” service, which also attracts the highest fees, we understand that cost can impact heavily on some peoples choices of service provider. With this in mind we have usually been able to tailor a successful programme even within quite limited budgets.

At Tyquin we will strive to find a solution to help your child to a successful reading and spelling future
